Here's what I got from ICIS for Telford's TP values going back to 2006 when the permit was issued. Let me know if you have any questions.

Hi Brian,
I don't think Nancy is in today. Would you be able to pull DMR data for Telford from April 1 to November 1, 2014? We are looking to provide an average total phosphorus concentration for the Second Reconsideration requested by the Hall Brothers. Thanks, Jen

Hi Nancy,
Would you be able to pull DMR information for this permittee? We are particularly interested in DMRs from the April 1 to November 1, 2014 time period. Please let me know if there are any questions. Thanks, Jen
